

Garlinge Primary School and Nursery

Eco News

Our Eco Reps are looking forward to participating in the RSPB's Big Schools' Birdwatch on behalf of their classes. We are excited to see what types of birds visit our school and will be talking about what we can do to encourage more birds.

We hope that you will join us with the RSPB's Big Garden Birdwatch which commences on the 27th-29th January. This can take place in a garden, a park or any open space. You will find some survey sheets by following this [link](#) to the RSPB resource page: We have also posted some onto our website.

Happy birdwatching! ☺
