

## Traditional Tales

We have been sharing the story of The Gingerbread Man. We have read the story together using the Interactive Whiteboard and have also looked at books with different versions of the story.

We even made gingerbread men! We talked about the different changes we could see as we added more ingredients.

Luckily the fox didn't get his paws on ours – they were yummy

We continued to explore weighing objects and identifying the heaviest and the lightest and putting them in order.

We also received a letter from the Gingerbread Man asking for our help! We needed to make a boat to help him get across the river.

We talked about the different materials that we used and why some of them worked and some of them didn't (when testing some gingerbread men may have got a bit soggy!)

Our next step is to write a letter to the Gingerbread Man to tell him what he needs in order to build the best boat to get him safely across the river.

We have had a great time exploring this tale! 😊
