

The Reception children started their 10-week sessions of Forest School this week. All the children were very excited to start and the sessions certainly met their expectations. We were very lucky with the weather, although a bit chilly in the morning the rain mostly stayed away and we all enjoyed ourselves!

This week we learnt about keeping ourselves safe when at Forest School, animals and where they live, looking for hazards and trusting each other and we were very lucky that the Fairies had left us some Fairy breath to make a bracelet.

We had lots of fun exploring our surroundings.

We are looking forward to our next visit!
