

We have had another brilliant week of sessions at Forest School this week. Although most days were warm it was not too hot because we had the shade of the forest around us to keep us cool. Perfect weather for Forest School!

This week some pirates had been to Forest School and left us a treasure map. We had to work as a team to follow the map to find the hidden treasure!

We built our own pirate ship and pretended to go on a pirate adventure! We found lots of different sticks to make our boat, anchors and oars. The Forest School leaders tied a sail to a tree so we could set off on our adventure!

We had another opportunity to toast marshmallows. At the end of our day we enjoyed sharing our memories of Forest School this year and our favourite experiences.

Another lovely session using the woodlands as our classroom, we have thoroughly enjoyed our time at Forest School this year.
