

We have had a fantastic week of sessions at Forest School this week. This week our parents came to Forest School and everyone had lots of fun!

This week we found some fairy breath and we worked as a team to make a bracelet for ourselves and our parents.

The children had the opportunity to go on the zip wire. It was quite fast but lots of fun! Then we went to visit the animals on the farm. We enjoyed meeting and feeding the animals and learning some more facts about them.

We sat around the Fire Circle and shared the rules with our parents. We showed them how to toast marshmallows and then they had a turn. They tasted delicious!
