

Visit from the RNLI

Vanessa came to talk to us about how to stay safe when we are at the Beach. She told us what all the flags mean, red means Danger! No swimming, the yellow and red flags are where we can swim and the black and white flags are where you can have surfboards. We loved wearing the Lifeguard's uniform.

She also told us about the Lifeboat Men and Women who will come to help us if we are in a difficult situation in the water.
